# About tournament

Dear Barrelers,

June is approaching and we are looking forward to seeing all **thirsty bowling lovers** – our long time friends and freshmen as well on our 9th bowling tournament Prague's Barrel.

As you might know Prague is not only Old Town square with Astronomical clock, Wenceslas square or Prague castle. Prague is **the world's city with most pubs and restaurants per person** so you can look forward to rich cultural and night life.

You can also look forward to delicious **Czech beer** which will be flowing from the early morning on the bowling centre and won't stop till the evening programme ends.

Hope that you are looking forward also to the unforgettable **friendly atmosphere**, which we have on every bowling tournament.

<p> Kegel Kode 4537 - This 37 foot pattern is named after the wide open street in Manhattan called BROADWAY, which ironically originates at a park called Bowling Green. BROADWAY was originally translated from the Dutch name of 'Breede weg' because of its location in New Amsterdam. Because of the medium short length of this pattern and light volume of conditioner towards the outside portion of the lane, players can arrive to the pocket on the BROADWAY from multiple directions.</p>
